NOTICE TO LANDOWNER

Circumference limit cutting (cutting all or most of the trees that are larger than the size limits in Schedule A) is not considered to be good forestry practice and will negatively affect the health and economic return of the forest in the future. The County of Simcoe highly recommends that a member in good standing with the Ontario Professional Foresters Association be consulted prior to proceeding with commercial harvesting.

Commercial timber harvesting may impact eligibility for the Managed Forest Tax Incentive Program (MFTIP) or the Conservation Land Tax Incentive Program (CLTIP).
