

**COUNTY OF SIMCOE  
ADDENDUM TO COUNTY ROAD 10  
CLASS ENVIRONMENTAL ASSESSMENT STUDY**

**NOTICE OF FILING OF AN ADDENDUM TO THE  
ENVIRONMENTAL STUDY REPORT**

In April 2002, the County of Simcoe completed the Class Environmental Assessment (Class EA) Study for the Realignment of County Road 10 in Alliston. This study recommended a new alignment of County Road 10 from south of 14<sup>th</sup> Line to Highway 89. The nature of the recommended undertaking identified it as a Schedule 'C' project under the Municipal Class EA Process.

An Environmental Study Report (ESR) was prepared as part of the study and was made available for public review in May 2002. The ESR documented the process taken to arrive at the recommended alignment, including the analysis of alternatives, public consultation, identified environmental concerns and proposed mitigation measures.

In response to industrial expansion in the area, the County has prepared an addendum to the County Road 10 Class EA. Proposed changes to the road network in the area that will be part of the addendum include:

- Closure of County Road 10 between 14<sup>th</sup> Line and Albert Street
- Widening of 14<sup>th</sup> Line to four lanes from existing County Road 10 easterly to the new alignment of County Road 10
- Elimination of the proposed section of realigned County Road 10 south of 14<sup>th</sup> Line, and
- Addition of a dual left turn at the County Road 10 (Addison Road) / Highway 89 inter-section.

The closure of County Road 10 from Albert Street to Industrial Parkway will occur after the new County Road 10 has been constructed and is open to traffic.

To address the changes in the recommended County Road 10 realignment, the County has prepared an Addendum to the ESR. This report documents the changes in the recommended road network and the environmental concerns and proposed mitigation measures resulting from the changes. The Addendum and the original ESR are available on August 16, 2006 for public review at the following locations:

The Town of New Tecumseth  
Clerk's Department  
10 Wellington Street East  
Alliston, ON L9R 1A1

The County of Simcoe  
Clerk's Department  
1110 Highway 26  
Midhurst, ON L0L 1X0

**Office Hours for Both Locations: Monday to Friday - 8:30 a.m. to 4:30 p.m.**

Interested individuals and parties have 30 calendar days to comment on the recommendations and the information contained in the addendum. Comments must be made in writing to the County of Simcoe Clerk at the address above no later than 4.30 p.m on Thursday, September 14, 2006.

If concerns regarding the changes cannot be resolved in discussion with the County of Simcoe, a person/party may request that the Minister of the Environment make an order for the project to comply with Part II of the Environmental Assessment Act (this is referred to as a Part II Order), which addresses Individual Environmental Assessments. The Minister at the address below must receive requests by no later than 4.30 p.m on Thursday, September 14, 2006. A copy of the request must also be sent to the County of Simcoe. If no request/s for a Part II Order is received, the project will proceed with construction as outlined in the Addendum to the ESR.

**The Honourable Laurel C. Broten  
Minister of the Environment  
135 St. Clair Avenue West, 12th Floor  
Toronto, ON M4V 1P5**
